Hippo spotting

Did you know that the Niger River is home to several families of hippopotamuses? While Lake Débo is well-known as a place to see hippos, it is less known that it is possible to see them in the Ségou surroundings.

A family of hippos has chosen the Ségou surroundings as their home. And once they choose a place, that's where they stick for a long time.

Boat trips can be made to go on a search* for the impressive animals.

Set out on a trip to go hippo spotting or combine it with a boat trip to e.g. Farako, Segoukoro or Koulikoro.

** Be aware that sightings cannot be guaranteed!*
